In order to explain the late movements of the Seneca nation, it will be necessary to review the previous state of that people, and the changes to which they have been subjected, by the various and powerful influences of Civilization pressing on them throughout all their borders. Before the arrival of Europeans in America, and, indeed, until within a very few years past, the Indian tribes on this Continent were governed by Chiefs, chosen by the Clans, and formally installed by the Nation, in a general Council held for that purpose. From the little known of them in their original state, it appears that their Government was only adapted to a...
