Using Social Science to Understand and Improve Wildland Fire Organizations: An Annotated Reading List

By United States Department of Agriculture

Createspace, United States, 2015. Paperback. Book Condition: New. annotated edition. 279 x 216 mm. Language: English . Brand New Book ***** Print on Demand *****.The wildland fire community has spent the past decade trying to understand and account for the role of human factors in wildland fire organizations. Social research that is relevant to managing fire organizations can be found in disciplines such as social psychology, management, and communication. However, such research has been published primarily for scientific and business audiences, and much of the fire community has not been exposed to it. Here, we have compiled and organized knowledge from a variety of social science disciplines so that it can be used to improve organizational practices related to firefighter and public safety, to assess the effectiveness of safety campaigns, and to improve firefighter safety trainings. This annotated reading list summarizes approximately 270 books, articles, and online resources that address scientific and management concepts helpful for understanding the human side of fire management. The first section, Human Factors and Firefighting, introduces readers to key workshops and writings that led to the recognition that human factors are prime ingredients of firefighter safety. The second section, Foundations for Understanding Organizations, consists of...
