Die beiden Autoren aus sterreich und Deutschland erhielten ein Stipendium für den Master of International Business. , abstract: The master thesis presents the derivation of the Customer Value-Based Model (CVM) which stands for a new approach for a solid corporate valuation. The CVM is a comprehensive tool for supporting strategic decision making processes and corporate valuation. It synthesizes a holistic view which takes strategic and operational management levels into consideration and establishes a financing-marketing interface. It connects the value of the customer base as a main focus of marketing activities with the corporate value as measurement of the financial success of the company. A further advantage is that the success of marketing activities can also be viewed from the shareholder value perspective. Hence, the model helps to estimate the commitment of marketing...
