Brand New Book ***** Print on Demand *****.Excerpt from Some Common Insect Pests of the Farmer The following bulletin No.99, entitled Some Common Insect Pests of the Farmer, has been prepared by Dr. H. T. Fernald, formerly Economic Zoologist in this Department. The prevalence and destructive character of insect pests has compelled farmers and gardeners to study their habits and the means for their destruction or control. This bulletin treats of a number of varieties of insects that are most troublesome, and gives specific instructions for dealing with them. Most of the methods suggested are quite simple, and can be employed by any careful person, who has had some experience in dealing with the fumigation of plants, the application of insecticides and the use of spraying mixtures.
