But I thought having a job was a good thing! Jobs feel safe. We show up, do what we re supposed to do, and a check for the same amount comes in every couple of weeks. We can feel safe, secure, and comfortable with that. We can budget for housing, transportation, and food. We might even get a few weeks of vacation each year and have enough left over to go somewhere nice. So what s the problem? Average Isn t Satisfying, and Repetition is Drudgery The problem is that average just isn t satisfying. We can be thankful that we re not homeless or completely impoverished all we want, but that still doesn t scratch the itch we all have to live an extraordinary life-to spend more time doing what we love, less time doing what we don t love, and have more financial wealth to support our adventures. On top of that, most jobs involve doing the same things over and over again. You don t learn. One day blends into the next. You don t grow. Your life lacks richness, diversity, and excitement. All put together this doesn t make for a very inspiring way to live the one life you get. Quit, and Do Your Own Shit In Quit Your Job in 6 Months Book 2: Internet Business Blueprint (Formulating Your Business Plan for Quick, Efficient Results), author and internet entrepreneur Buck Flogging reveals all of his internet business secrets to help you build a business from zero to \$100 per day or more in 6 months or less-all in your spare time using time-efficient tactics...
