Pan Macmillan. Hardback. Book Condition: new. BRAND NEW, Journey to the Centre of the Earth (Main Market Ed.), Jules Verne, "Fictional trips to the underground are a feature of all mythologies, but the best of the nineteenth-century tales is that of Verne." Isaac Asimov, 1966. A Journey to the Centre of the Earth is an 1864 classic by Jules Verne. It tells of German professor Otto Lidenbrock who believes there are volcanic tubes going toward the centre of the Earth. He, his nephew Axel, and their guide Hans descend into the Icelandic volcano Snaefellsjokull, encountering many adventures, including prehistoric animals and natural hazards, before eventually coming to the surface again in southern Italy, at the Stromboli volcano. This Macmillan Collector's Library edition features colour illustrations by Edouard Riou (1833 -1900), a French painter and illustrator who illustrated six novels by Jules Verne, and an Afterword by Ned Halley. Designed to appeal to the booklover, the Macmillan Collector's Library is a series of beautifully bound gift editions of much loved classic titles. Bound in real cloth, printed on high quality paper, and featuring ribbon markers and gilt edges, Macmillan Collector's Library are books to love and treasure.
