The book follows the lives of a number of tenants and landlords in order to examine how access to housing affects the poor. Desmond also includes historical background, statistics, and research findings to provide context for his narratives. Shelter is central to an individuals life, happiness, and stability. Eviction is hugely disruptive, and those who are evicted face loss of property, intensified poverty, and an erosion in quality of housing. Evictions also disrupt jobs, and may increase depression and addiction. Its not only that poverty contributes to housing precarity; housing precarity contributes to poverty.
